CROKER'S DAILY TALKS.  
TO-DAY BITTERLY  
ATTACKS D. B. HILL.Calls Him "Sneak" and "Peanut Politician,"  
Sneers at Coler and Wants to Bet  
More on Bryan.

Regular Report of the Local Bureau of the Associated Press.

Richard Croker was at the Hoffman House early this morning and talked with many people in the corridors. He was asked about ex-Senator David B. Hill's speech at Troy yesterday, and he said:

"Mr. Hill attacked me in his speech. He did not come right out and attack me by name, but he did so indirectly. That's his style of doing business. He did the same thing six years ago and when I charged him with it he denied that he meant me."

"He said at that time: 'Mr. Croker, I did not attack you, and my enemies are trying to make trouble between us. They are trying to make me say things I do not say and mean things I do not mean,' but he did mean me all the time."

"Mr. Hill never does things in the open. He always hides behind something and leaves a loophole to crawl out of."

"He is deceitful, tricky and couldn't tell the truth if he wanted to. He is a plenary politician, a 'peanut politician,' and he would not be a captain of a district if he lived in New York City."

"Tammany Hall wouldn't have a deceitful, untruthful sneak like Dave Hill in its organization."

"If it wasn't for these things I could have recognized Dave Hill as leader long ago."

"What we want in a leader is a man who is brave, and with the courage to stand by what he means, and not go sneaking around in the dark and hiding behind anything."

"Take Senator Murphy, for instance. You can believe what he says. He doesn't say one thing one day and lie about it the next. He says what he means and stands by it. There's no sneak in him. And Coler is just like him."

HILL'S WORDS THAT  
MADE CROKER ANGRY.

"There is no excuse for the toleration of what is known as political 'bossism,' usually ignorant, corrupt and arrogant, which tolerates no criticism, knows no prudence and accepts no suggestions, which first dominates wards, then cities and afterward reaches out for control of States, and governs its cringing sycophants through patronage and the 'cohesive power of public plunder.'"

"Political parties are a necessity in this country, but offensive and corrupt bossism in party affairs is an encumbrance on the body politic, and sooner or later it must be shaken off or the party which tolerates it will be destroyed. Opposition to bossism and commercialism in politics may soon become the 'paramount' issue before the people."—From David B. Hill's speech at Troy yesterday.

Hill. He did the same thing in his articles."

TWO HURT IN  
TRAIN CRASHEngineer Buried in Long  
Branch Wreck and Fire-  
man Will Die.Freight Engine Blocked Track  
and Signals Were  
Not Set.

Two men were badly injured, one fatally, in a rear-end collision on the New York and Long Branch Railroad near Branchport this morning.

The traffic on the road was exceptionally heavy yesterday, and the extra trains run to Jersey City were being returned. The first section of one train was stalled near Branchport by a freight that was drilling at that point, when the second, in charge of Engineer Thomas Lawler and Conductor Edward Tice, not being signalled, ran into it.

Lawler stuck to his post and was buried in the wreckage. His fireman, Thomas Letts, jumped, but was injured so badly he will die.

The engineer was wedged in so fast that the cab had to be chopped apart to get him out.

Lawler's engine was wrecked and a parlor car and three passenger coaches smashed.

The doctors at the Monmouth Memorial Hospital said that Letts would die, but that Lawler, while seriously hurt, would recover.

BRYAN IN  
W. VIRGINIA.Talks at Zanesville to Ohio-

the Border.

CAMBRIDGE, Sept. 4.—Mr. Bryan found several hundred people awaiting him when he arrived at Zanesville early to-day. The train carrying him to his destination in West Virginia made a five-minute stop at that point and in response to repeated calls Mr. Bryan appeared on the rear platform of the sleeper.

He declared laughingly that he could not shake hands and make a speech, but he came near doing so, for he grasped a large number of outstretched hands and while doing so proceeded to make a brief talk to the people who stood eagerly waiting. He said:

"In every campaign several issues are considered, but some one issue must be paramount in the mind of each person. In this campaign the Democratic party believes the question of imperialism to be most important."

The party stands where it did in 1898 on the money question, but it believes that the form of government is more important than the kind of money, and imperialism attacks the principles of government."

CAMERON, W. Va., Sept. 4.—At Benwood Mr. Bryan left the regular train and was taken aboard the special in which he is to make the tour of this State. Here he was met by a State committee, of which National Committeeman McGraw is Chairman.

Mr. McGraw announced Mr. Bryan's speaking itinerary for the trip as follows:

Cumberland, Md., Tuesday night; Morgan's Grove, Tri-State meeting for Maryland, Virginia and West Virginia, Wednesday at 9:30; Kaiser, 11:30 A. M. Wednesday; O'Learysburg State Fair at 10 A. M. Thursday; Parkersburg, at 3 P. M. Thursday; Wheeling, Thursday night; From Wheeling to Chicago Friday. To-night will be spent at Cumberland and to-morrow night at Deer Park.

EXPRESS TRAINS  
IN A COLLISION.Montreal and Adirondack Flyers Crash Near  
Utica, but No One Is Killed.

(Special to The Evening World.)

UTICA, N. Y., Sept. 4.—A head-on collision of the Montreal express and Adirondack express occurred about 1 A. M. to-day at Holland Patent, on the Mohawk and Malone Railroad.

The trains usually pass at Marcy, but some one made an error. They were heavily loaded, carrying about 50 passengers.

The engines were demolished, the glass to the coaches smashed and many cars were derailed.

CABINET GETS CABLE  
FROM MINISTER CONGER.

Response to Proposal to Quit Peking Must Be Made to Russia.

WASHINGTON, Sept. 4.—A meeting of the Cabinet was held to-day, at which a message from Minister Conger

was read. It was dated Peking, Aug. 30. Whatever responses are to be made by the powers to the proposition to evacuate Peking are expected to be directed to the Government of Russia and not to our State Department.

The Russian Government undoubtedly will in turn notify the United States Government as well as all the other governments concerned as to the nature of the responses.

None of the passengers or crew was injured seriously. The tracks were blocked for hours.

It is supposed the northbound train ran past its orders and, instead of waiting at Marcy, half way between Utica and Holland Patent, it ran on with the intention of taking the siding where the collision occurred. It was running slowly.

Passengers say that the escape from death or serious injury was little short of miraculous.

When the Committee on Credentials announced that there were no contests the assemblage burst into applause.

Among those who visited his place this morning were Admiral Uphur and Dr. Madison Taylor, of Philadelphia.

ODELL TO BE NAMED,  
SAYS SENATOR PLATT.

First Session of Convention Marked  
by Woodruff's Speech.

(Special to The Evening World.)  
CONVENTION HALL,  
SARATOGA, Sept. 4.

"I think it is safe to say that black will nominate Mr. Odell for Governor," said Senator Platt this afternoon just before the "Coat-tail" Republican Convention reassembled at 4 o'clock.

After a session of one hour and three minutes the Convention took a recess this afternoon at 1:34 until 4 P. M. The only event of the session was the speech of Timothy L. Woodruff as Temporary Chairman.

The convention was called to order a little after noon. Woodruff was acclaimed for the chair, and after the reading of the roll of delegates he began a speech of an hour's length.

He bitterly assailed Tammany, characterizing its methods as blackmail, laughed at Bryan as the "Young-man-afraid-of-his-horse," and predicted a Republican victory.

ASSAILS TAMMANY.  
Mr. Woodruff's speech was punctuated with applause. His denunciation of Tammany and the Democratic party particularly pleased the delegates, while his handling of William Jennings Bryan was approved by the galleries. When the speaker cried out:

"Should Mr. Bryan be elected?" he was interrupted by a stentorian voice in the rear of the hall, which thundered out:

"No!"

A storm of laughter greeted this remark, to which Mr. Woodruff readily replied:

"That is the voice of the people."

The Chairman's declaration that the Democratic party had failed in Kansas City to say one word of the administration of President Cleve-

VANNESS'S INSULT  
TO BRITISH FLEET.Bar Harbor Citizens Tore Down New Yorker's  
Boer Flag, Hoisted in Full View  
of Visiting Warships.

(Special to The Evening World.)

BAR HARBOR, Me., Sept. 4.—Edward Van Ness, of New York, a wealthy summer resident, raised a Boer flag on his lawn as the English warships came in to-day.

A mob gathered and there was great excitement for a time until the flag was torn down by the Chief of Police.

Van Ness protested angrily against the action of the police, but in vain.

RAN UP BOER FLAG.  
Just as the visiting warships dropped anchor Mr. Van Ness ran up in front of his cottage on the shore, right in full view of the fleet, his Boer flag.

Almost instantly a volunteer committee of more than fifty, including some of the more prominent of the non-residents and residents, headed by the town authorities and the Chief of Police, called on Mr. Van Ness.

They requested him to pull down the insulting flag. This he refused to do, whereupon Mr. Wood, the first selectman, cut the halcyards and pulled the flag to the ground, where it was trampled on by the excited crowd.

GOT THE EMBLEM.  
Mr. Wood rescued and folded up the emblem of discord and brought it away with him amid the cheers of the people.

Mr. Van Ness has for several days been distributing Boer buttons around town. It is reported this afternoon that action has already been taken to have his name dropped from the list of members of the Mount Desert Reading Room.

Among those who visited his place this morning were Admiral Uphur and Dr. Madison Taylor, of Philadelphia.

FLEET ON A VISIT.  
Her Britannic Majesty's fighting machines came to Bar Harbor to participate in the naval demonstration here.

William H. Riker, a druggist, filed a petition in bankruptcy this morning. His liabilities are placed at \$192,541.88, and resources, \$3,990.38. Joseph F. Perdue is the attorney for the petitioner.

Mr. Perdue said that Mr. Riker formerly had a drug store at Twenty-third street and Sixth avenue, as his father, William H. Riker, had had before him. About eight years ago he became involved, and sold his property and business and turned over all his effects to his father.

Since that time he has not been engaged in any business, but a member of his creditors have secured judgments against him and it was to be relieved of these that Mr. Riker filed the petition in bankruptcy.

Though his resources are placed at \$3,990.38 they are practically nothing, as the claims scheduled as resources are all outlaws.

PEACE PLANS  
ON RECORD.

Hague Results Placed in  
Archives and Czar Is  
Complimented.

(Special to The Evening World.)  
THE HAGUE, Sept. 4.—The ratifications of the agreements and treaties resulting from the Peace Conference were formally placed in the Foreign Office archives to-day.

The Minister of Foreign Affairs, De Beaufort, expressed the hope that the future historian will be able to declare that the work of the conference was of lasting benefit to humanity, and proposed that an expression of this hope be conveyed to the Czar.

A telegram to this effect was dispatched to St. Petersburg.

Captain of Holstein Died of  
Fever and Crew Was  
Stricken.

(Special to The Evening World.)  
NORFOLK, Va., Sept. 4.—The German steamer Holstein, bound with fruit from Port Limon, Costa Rica, to Newport News, arrived in quarantine at Old Point to-day.

Her captain died of yellow fever at sea and was buried. Others of the crew are reported down with the disease.

These will be isolated and ship and cargo disinfected.

CHAFFEE ASKS:  
"PEACE OR WAR?"Says 5,000 Troops Are Enough For Needs  
in China—To Winter His  
Soldiers.

WASHINGTON, Sept. 4.—The following despatch was received by the War Department from Gen. Chaffee, via Tokyo, to-day:

"Written report of operations up to relief of legations will be forwarded as soon as possible. Present conditions are that hostilities have practically ceased, only occasional shots fired from cover, small party repairing telegraph line and foraging."

"No considerable body of Chinese troops (Boxers) discovered here or along line of communication. We hear Li Hung Chang has full power, but he is not here."

"United States keep military force here until terms of peace are arranged? Now the China about 5,000 effective, Sixth Cavalry, Light Battery F, Fifth Artillery, Batteries Third, Ninth Infantry, Fourteenth Infantry, 1,000 Marines. I think ample force for United States unless political reason, not apparent to me, demands larger force. Shall take 5,000 as basis of my requirement for supplies."

"If troops remain must winter in tents and conical wall tents will be required, one tent ten men. Recruit wagons mentioned in — of 15th will be required immediately. Have mules for same purpose. No more pack trains required, wagon transportation best."

"Water falling in river rapidly, must soon haul supplies forty miles. Railroad will not be repaired before winter freezes."

CHAFFEE.

All the transportation and tannage asked for by Gen. Chaffee has been anticipated by the department and has

been shipped. Much of it is at Tokyo and the balance is due there very soon.

BRITAIN'S NEW PLAN  
OF ACTION IN CHINA.

Salisbury Asks Powers to Modify  
Russian Proposal to Washington.

LONDON, Sept. 4.—It is reported in well-informed circles that Lord Salisbury has suggested to the powers that the Russian proposals of withdrawal from China be greatly modified.

The Prime Minister is striving to have these proposals conform more closely to the terms at first formulated by Secretary Hay at Washington.

According to a despatch from St. Petersburg the Russian officials repudiate any intention to permanently occupy or annex Manchuria.

The despatch says Russia will claim no territorial concessions provided the other powers refrain from doing so, and expresses the hope that the question of indemnities can be settled by the co-operation of the allied powers.

Four German warships arrived at Wou-Sung, near Shanghai, yesterday.

The unmistakable condemnation of the proposal to immediately withdraw from Peking which is voiced from all the foreign colonies in the Far East is taken in some quarters as a forecast of the opinion which may be expected from the Ministers when their views are obtainable.
